

Disability Support Services

To serve our mission to promote academic excellence, Washington & Jefferson College is committed to providing appropriate accommodations to students with documented disabilities and complies with applicable state and federal laws. Students with disabilities include individuals with physical disabilities, learning disabilities and mental health disorders that meet the definition of a disability under the Americans with Disabilities Act. The Director for Academic Success works with both students and faculty to facilitate appropriate disclosure, documentation, counseling, and accommodation. The menu on this page links to important disability services information.
