

Student Government Association

The Washington & Jefferson College Student Government (SGA) exists to promote standards of student freedom and maturity and to promote interests of the student body. It is organized to give guidance and support to all student organizations, and accordingly allocates Student Activity funds. Legislative power within Student Government is vested in an Assembly of Voting Representatives, who are elected within three weeks following the first week of classes. Each campus residence hall, as well as commuting students, is represented in the governing body. Each class elects ten students to act as representatives in the governing body.

The first Student Government General Assembly meeting of the academic year is held one week after Representatives have been selected. Pertinent information regarding meetings may be found on the Internet list of upcoming events. We encourage students to contact their elected Executive Board or Representatives whenever the need arises.

SGA Executive Board

Chelsea N. Wise, President
Gadwin L. Stewart, Vice President
Elliott LaParne, Treasurer
Matthew A. Moss, Secretary

Correspondence with Student Government may be made by email, sga@washjeff.edu.
